# VIOLET THUMB

Violet Thumb features deep purple skin with matching flesh, creating a striking appearance accentuated by its deep eyes. This medium to large fingerling variety produces a high tuber yield and shows strong resistance to PVY and common scab. Violet Thumb is well suited for the specialty, gourmet, and fresh pack markets.

## PLANT

Maturity	Medium early
Plant type	intermediate
Growth habit	Upright
Color of flower	Purple
Number of tubers	High
Dormancy	High
